1. I love the spring day when I can swap out the windows for screens on the three-season breezeway.
2. Coming home from work and hanging out on the deck and cooking on the grill
3. The bird feeders in the yard are a constant source of entertainment
4. The finished portion of the basement made for a perfect office that allowed me to produce seven books.
5. The unfinished second floor provided us with great storage space for clothes, sports gear, Xmas stuff.
6. I still get a rush when I drive down Linden street and see our houses perched on our hill
7. The addition of our landscaped wall on North Street is a constant source of conversation with folks walking in the neighborhood.
8. The built-in Hutches ~~and~~ in the dining room and shelving cabinets in the basement are quaint but practical
9. The Church white exterior with black shutters for accent are quintessential New England look
10.
